Silver Dollar re-emerges as an independent, flesh-and-blood player in this lively page-turning saga.”

In another narrative thread, we follow her mother who, while protecting the family’s Colorado silver mine, tries to find out what happened to her daughter. *Silver Echoes* captures the vulnerability of young women of gumption in the 20s and 30s, the era of gangsters and speakeasies and men you should never trust.”

— Gill Paul, internationally bestselling author of *A Beautiful Rival*
