SILVER ECHOES

A Spellbinding Saga of Ambition, Echoes, and Redemption. Based on a true story.

1920s, Chicago. A rising starlet's life takes a dark turn when a traumatic attack reawakens a secret part of herself. As Silver Dollar Tabor descends into the dangerous underworld of Chicago gangsters, her grip on reality loosens, and the line between ambition and destruction blurs. Her love affair with screenwriter Carl is tested as she falls deeper under the sway of her alter ego.

1932, Colorado. Silver's mother, Baby Doe, is haunted by her daughter's disappearance as she tries desperately to hang onto their family silver mine. A desperate search with Carl reveals a shocking truth about Silver Dollar, a truth that will rewrite their family history forever. What really happened to Silver Dollar Tabor? And can her mother uncover the truth before it's too late?
